VAL-MATIC VALVE

Did you know that Val-Matic started in 1966 with only one product? Since then, Val-Matic has grown to be a leading manufacturer of fourteen valve product lines. Val-Matic valves can be found in many industries such as water and wastewater, industrial, commercial building construction, and plumbing industries. Val-Matic's success has been driven by manufacturing and product innovations to enhance reliability and quality; specific product features to meet the demands of diverse industries; and the development of a broad array of air valves, check valves and quarter-turn valves. Backed by decades of product and application experience, Val-Matic continues to provide new developments in valve technology to serve the industry through research and development.
