VAL-MATIC QUARTER-TURN VALVES

Val-Matic's array of cast and forged Quarter-Turn Valves are highly engineered products available in a wide range of sizes and pressure classes. ***Cam-Centric® Plug Valves, American-BFV® Butterfly Valves, Ener•G® AWWA resilient Seated Ball Valves and QuadroSphere® Trunnion Mounted Ball Valves*** are designed to provide both on-off and process control functions in municipal and industrial systems. The valve seating systems are built with corrosion and wear resistant materials and tested to provide positive seating. Valve flow path geometries are optimized to provide exceptional flow control characteristics, ultra-low headloss, and energy conservation. For additional information on Val-Matic Quarter-Turn Valves visit us at www.valmatic.com.

About Val-Matic

Val-Matic Valve and Manufacturing Corporation's headquarters is located in Elmhurst IL with additional manufacturing facilities in Addison, IL. Val-Matic is a leading manufacturer of Air Valves, Check Valves, and Quarter Turn Shut-Off Valves for water/wastewater, power, industrial, fire protection and HVAC applications.
