VAL-MATIC QUARTER-TURN VALVES

When you need a highly engineered product available in a wide range of sizes and pressure classes look no further than Val-Matic's Quarter-Turn Valves. *Cam-Centric® Plug Valves, American-BFV® Butterfly Valves, Ener•G® AWWA Resilient Seated Ball Valves* and *QuadroSphere® Trunnion Mounted Ball Valves* are designed to provide both on-off and process control functions in municipal and industrial systems. Built using advanced manufacturing technologies and certified to rigorous AWWA, ASME and API industry standards our Plug, Butterfly and Ball valves assure reliable performance in numerous applications and media including liquids, gases and slurries. The valve seating systems are built with corrosion and wear resistant materials and tested to provide positive seating. Visit www.valmatic.com for more information on Quarter-Turn Valves.
