VAL-MATIC PRODUCTS FOR SEWAGE TREATMENT

Val-Matic has a number of valves that can handle the demands of the sewage treatment process removing contaminants from wastewater, including household sewage and runoff. The objective is to produce an environmentally safe fluid waste stream and treated sludge suitable for disposal or reuse. Val-Matic's QuadroSphere® Ball Valve and Cam-Centric® Plug Valves with unobstructed flow paths, Sewage Air Valves with 2 in. cleanouts and Check Valves able to pass a 3 in. solid are all able to handle the demands of this process. Val-Matic Valves are designed for long life and trouble-free performance, making them key components in sewage treatment process. For additional information on our products, contact Val-Matic or visit www.valmatic.com.

About Val-Matic

Val-Matic Valve and Manufacturing Corporation's headquarters is located in Elmhurst IL with additional manufacturing facilities in Addison, IL. Val-Matic is a leading manufacturer of Air Valves, Check Valves, and Quarter Turn Shut-Off Valves for water/wastewater, power, industrial, fire protection and HVAC applications.
