VAL-MATIC VALVES FOR WATER DISTRIBUTION

Val-Matic offers a wide range of products for water distribution systems. Quarter-Turn Valves have flow path geometries that are optimized to provide exceptional flow control characteristics, ultra-low headloss and energy conservation. Clean Water Air Valves are NSF/ANSI 61 Certified for use in drinking water systems. Val-Matic Check Valves are great for potable water with their flow efficiencies and when cost a factor. With so many valves NSF/ANSI 372 Certified Lead-Free and NSF/ANSI 61 Certified for drinking water, trust Val-Matic Valves to help safely transport drinking water in your distribution systems. For more information on Val-Matic products visit www.valmatic.com.

About Val-Matic

Val-Matic Valve and Manufacturing Corporation's headquarters is located in Elmhurst IL with additional manufacturing facilities in Addison, IL. Val-Matic is a leading manufacturer of Air Valves, Check Valves, and Quarter Turn Shut-Off Valves for water/wastewater, power, industrial, fire protection and HVAC applications.
