### **VAL-MATIC PRODUCTS FOR THE HYDRO/DAM INDUSTRY**

The demands of the Hydro/Dam Industry can take a toll on valves that cannot handle the power of moving waters to generate electricity. Fortunately, Val-Matic has Quarter-Turn and Check Valves that can meet these demands. Quarter-Turn valves such as QuadroSphere® Ball Valves, Ener•G® Ball Valves and American-BFV® Butterfly Valves are available in a wide range of sizes and pressure classes. The QuadroSphere® was designed with additional flow paths and seat contact minimized for reduced wear and operating torques. Val-Matic's Surgebuster® Check Valve, Tilted Disc® Check Valve, and Swing Check Valve have features and designs to prevent slamming, reduce headloss and provide significant savings in pumping costs. For additional information on Val-Matic Products visit us at [www.valmatic.com](http://www.valmatic.com).

#### **About Val-Matic**

Val-Matic Valve and Manufacturing Corporation's headquarters is located in Elmhurst IL with additional manufacturing facilities in Addison, IL. Val-Matic is a leading manufacturer of Air Valves, Check Valves, and Quarter Turn Shut-Off Valves for water/wastewater, power, industrial, fire protection and HVAC applications.
